

You Can See

by Tin Cetic

No one really knows
What the future has in store
We are all, in the dark
In the dark, oh

I know that it shows
That I'm crying underneath
I will smile, not to hear
Your remark, oh

You can see, that I'm not
Ready to move on just yet
Forget the words I said
And take these instead

No one falls in love
Like I do, so easily
And I did, with the one
I love now, oh

You are everything
That can move me to tears
And I've spent, the last night
Thinking how, oh

You can see, that I'm not
Ready to move on just yet
Forget the words I said
And take these instead

I can turn the tide
With the wave of my hand
I can lift the sun
At my command
I can tremble the Earth
With just my finger tips
But I could never
Kiss your lips

You can see, that I'm not
Ready to move on just yet
Forget the words I said
And take these instead
